While SSVF Coordinator, Eddie Thompson, was at the Chapmanville Inn checking on an SSVF client, the front desk clerk shared about a couple that had been staying in their vehicle. Once Eddie was able to track down their names, he discovered that he knew one of them, Mr. Allen Sewell. Eddie knew the gentleman was a Veteran and could possibly be helped by the SSVF program. Eddie tracked down the man's phone number and reached out to him. The gentleman said he had heard that PRIDE could possibly help him, but he had not been able to reach out for assistance yet.

Eddie made an appointment to meet with the man at PRIDE, where they discussed the couple's situation. The gentleman did not have a copy of his DD-214, so Eddie had to verify the man's Veteran status. After confirming his Veteran status and an intake was completed, Eddie was able to get the couple a room at the Chapmanville Inn.

After 2 months in temporary housing, Eddie located a rental unit for Mr. Sewell. It was a one-bedroom house, by the river, which the couple loved. Eddie helped them get moved in and everything set up. In March 2022, Eddie helped Mr. Sewell get connected with a case worker from the VA, and she was able to get him evaluated and finally awarded his benefits. Mr. Sewell was also eligible to receive HUDVASH (HUD for Veterans), which allowed him to pay only a portion of his rent.

Mr. Sewell has become an advocate for the SSVF program. He stated that the SSVF Program changed his life, because he really didn't know what he was going to do until he and Eddie were able to connect in July 2021.

Human Resources

WELCOME TO OUR TEAM!

During the third quarter of 2022, our agency staff was extremely busy preparing for our upcoming school year and welcoming our new students and new staff. Our PRIDE family is happy to add seven new staff members. Sabrina Bragg joined our Head Start program as a teacher. Shelly Collins, Patricia Fleming, and Deanna Hannah joined our In-Home Services program as Direct Care Workers, Shelbi Conley as Case Manager, and Carla Lukacs as RN Supervisor. Michael Stamper joined our Weatherization program as a HVAC/Field Tech. We would like to wish them all the best of luck and many happy and fulfilling years with our agency, and we look forward to working with them for many years to come.

Interested in joining our team?

Child & Adult Care Food Program

Healthy eating is important at every age. Eat a variety of fruits, vegetables, grains, protein foods, and dairy or fortified soy alternatives. When deciding what fruits to eat, choose options that are full of nutrients and limited in added sugars, saturated fat, and sodium. Start with these tips:

Include fruit at breakfast

Top cereal with your favorite seasonal or frozen fruit, add bananas or chopped apples to pancakes, or mix raisins into hot oatmeal.

Take fruit on the go

Fruits like oranges, bananas, and apples are great portable snacks. You can also bring along a can of mandarin oranges or pineapple chunks packed in water.

Make your own trail mix

Combine one or two favorite breakfast cereals with dried cranberries and raisins. Bring for a snack in a small sealable bag or container.

Enjoy fruit as a snack

Make fruit kabobs using melon chunks, bananas, and grapes. Top with a light yogurt sauce for a fruity snack or side dish.

Add fruit at dinner

Chop up a combination of tropical or seasonal fruits to make a fruit salsa to top fish or chicken, or add fruit like grapefruit sections, apple wedges, or grapes to a tossed salad.

Keep fruit on hand

Cut up fruit and place in a bowl in the refrigerator. Put the bowl at the front of the shelf so that it's the first thing you see when you open the door.

Emergency Repair and Replacement Program

On July 22, 2022, ERRP crews from PRIDE Community Services, Inc. began the installation of Mr. McNeely's new heating and cooling system. This job was a system change out with minimal duct repair. During the install, the ERRP crew installed a brand-new furnace with an A-coil on the inside of the home and installed a 2.5-ton energy efficient heat pump outside. The team also sealed the vent boots, installed new registers and provided the homeowner with brand new smoke alarms.

Mr. McNeely stated that the crew from PRIDE performed “flawlessly” and worked quickly and efficiently to restore heating and cooling to his home.

The team finished the job in one day, but plenty of planning and personnel management went into this installation. As we continue to perform HVAC installations in our designated counties, we will continue to use PPE to protect our clients and ourselves.

In-Home Services

IN THE SPOTLIGHT

It is so nice when our clients share with us how much they appreciate our services. Wilma Miller is on our Lighthouse Program. Seven years ago, she was in a horrible automobile accident that left her unable to care for herself. She was traveling to her jobsite where she had worked 25 years as a CNA when the accident occurred. Ms. Miller suffered severe injuries including a fractured spine. She was unable to care for herself. She says her beloved husband worked tirelessly taking care of her during that time. Sadly, Mr. Miller passed away in 2017. Ms. Miller's health continued to decline from other chronic health conditions. With no one else to assist her she had to relocate to Logan, WV to be cared for by her daughter. Her daughter works full-time and she had no one else to assist her. That is when she reached out to PRIDE Community Services. She says, "PRIDE stepped in when I needed them most." "They have been so helpful to me." Because of her Lighthouse services she has regained her independence and is able to live on her own again. She added, "I tell everyone that needs help that you all are wonderful!" Jennifer Spaulding is her Direct Care Worker and Miss Miller is not short on words when asked to describe her. "SHE IS THE BEST!" Ms. Miller has come a long way and we are very proud of being part of her success. Thank you, Ms. Miller for allowing us to serve you!

Weatherization

NATIONAL HEALTHY HOMES MONTH

JUNE 2020

THE HEALTH BENEFITS OF WEATHERIZATION

The Weatherization Assistance Program plays a key role in making homes more livable and healthy for at risk families, decreasing doctors visits and improving health outcomes relating to respiratory and other health issues.

ASTHMA

- 65% reduction in the mean number of hospital visits for asthma patients
- Decline in annual Medicaid costs per year and fewer Medicaid claims

ALLERGIES

- Fewer sinus infections, colds, and allergies observed after weatherization

HYPERTENSION

- Less hypertension reported by residents after weatherization

MENTAL HEALTH

- 48% reduction in the number of days in the past month residents reported poor mental health

LESS HOSPITAL VISITS AND DAYS OF WORK MISSED

- Net decrease in days absent from work or school
- Fewer hospital visits after weatherization for individuals with asthma or COPD

SAVING FAMILIES MONEY

Average of \$514 saved per household in out-of-pocket medical expenses after weatherization

\$4.50

in benefits for every DOE WAP dollar spent

\$2.78

in non-energy benefits including health and safety

\$1.72

in energy savings, which become usable income for other necessities
